EDUCATION

Amity University Chhattisgarh, Raipur, India

2021 – 2025

Bachelor of Technology – Computer Science | CGPA: 9.15 (Highest in Cohort)

- Shri Baljit Shastri Award & Academic Silver Medal — highest student honour of Amity University, presented by the Hon'ble Governor of Chhattisgarh at Convocation (2025).

EXPERIENCE

Capgemini

Oct 2025 – Present

Software Engineer

- Allocated to the Starbucks platform DevOps team, managing enterprise infrastructure, CI/CD pipelines, SPN rotations, Apigee, Front Door, and APIM, plus data loading/offboarding operations for key applications (DeepBrew, EDAP).
- Engineered a semi-autonomous 5-agent ITSM triage and resolution workflow for Banner Health on the Amplifier platform (with ServiceNow AI Studio exploration), optimizing a prior 8-agent pipeline; used Pearson correlation (scikit-learn) to surface a -0.81 correlation between assignment group and resolution time to drive automated routing and SLA prediction.
- Built GetSUCCESS Priority Autopilot, an AI assistant using Streamlit, Microsoft AutoGen (3 specialized agents), and Llama 3.3 via Groq to auto-generate personalized, accurately weighted annual goals for Capgemini/Sogeti employees, with local SQLite history storage for direct HR portal copy-paste.
- Developed a smart AI-powered resume screening and job matching platform (FastAPI backend, Azure AI Search, Azure Blob Storage, PostgreSQL, DeepSeek LLM) with hybrid resume parsing, spaCy-based skill extraction, and interview-prep generation.
- Built L&D Nexus, a full-stack training analytics application (FastAPI + React/Vite + Recharts) featuring real-time KPI dashboards and a LangChain, HuggingFace, and FAISS-powered RAG pipeline for natural-language querying of organizational knowledge bases.

Globally Recruit

Apr 2025 – Sep 2025

University Relations Associate

- Streamlined representative travel and engagement workflows for The Catholic University of America, introducing new processes, dashboards, and agency partnerships that improved efficiency and market performance tracking.
- Managed student and partner engagement strategies for Saint Louis University, including marketing of virtual sessions and education fairs, handling transition responsibilities across both universities simultaneously.

Excelerate

Feb 2025 – Mar 2025

AI Data Analyst | Prompt Engineering Researcher

- Led a team of 12 to analyze 8,500+ student engagement records across 16 attributes, forecasting churn, building ML-based retention models, and delivering a comprehensive final report and prototype recommendation system.
- Led a team of 6 in researching prompt engineering tools (Google Gemini, Hugging Face, OpenAI Playground), producing structured comparison reports and strategic integration roadmaps for AI-driven learning programs; recognized as Best Performer (Prompt Engineering) and Star Performer across both internships.

Outlier

Sep 2024 – Nov 2024

Math AI Trainer

- Trained AI models in mathematical reasoning via structured prompt engineering, error analysis, and evaluation metrics across 4 projects, improving model accuracy and ensuring timely supervisor reporting.

AmPm Overseas

Jun 2024 – Nov 2024

Analyst

- Leveraged CRM-based data segmentation to support a UK company's market expansion into India, improving strategic decision-making efficiency by 50% and reducing operational inefficiencies by 30%.

NoQs Digital

May 2023 – Aug 2023

Data Analyst Intern

- Built a Task Management Dashboard in Google Sheets, boosting task tracking and reporting efficiency by 40%.
- Automated data workflows with AutoCrat, Mailmeteor, Formula Bot, and Tome AI, reducing manual work by 60% with 100% data accuracy.

PROJECTS

Agentic ITSM Ticket Triage & Resolution Workflow (Banner Health) | Amplifier AI, ServiceNow, scikit-learn, NLP, Python

- Built a semi-autonomous 5-agent pipeline (intake, classification, triage, resolution retrieval, closure) for Tomcat service tickets, reducing manual SRE effort through automated routing, resolution drafting, and SLA prediction.

GetSUCCESS Priority Autopilot | Streamlit, AutoGen, Llama 3.3, Groq, SQLite

- AI assistant coordinating 3 specialized agents to auto-generate personalized, accurately weighted (1–5) annual goals for Capgemini/Sogeti employees from a local knowledge base, with searchable session history.

Smart Resume Screening & Job Matching Platform | FastAPI, Azure AI Search, spaCy, DeepSeek, NLP

- FastAPI backend for AI-powered recruitment with hybrid resume processing (pdfplumber/Azure Document Intelligence), spaCy-based skill extraction, Azure AI Search semantic ranking, and interview-prep generation.

L&D Nexus | FastAPI, React (Vite), LangChain, FAISS, HuggingFace

- Full-stack AI application for Capgemini's L&D team with an interactive batch-analytics dashboard (Recharts) and a RAG pipeline for natural-language querying of organizational knowledge bases.

FaceDetect+: Criminal & Missing Person Identification System | Python, OpenCV, TensorFlow, MySQL

- Built an AI-powered facial recognition system achieving >90% accuracy on images and 88–90% on video, with real-time detection modules and DBSCAN-based automated data preparation.

Student Retention, Engagement & Churn Analysis | Python, Pandas, scikit-learn

- Analyzed 8,500+ records via EDA and hypothesis testing; built churn models (Random Forest, SVM, Decision Tree, Logistic Regression) achieving 99.7% accuracy to identify drop-off risks and suggest retention strategies.

Starbucks KPI Dashboard | Power BI, DAX

- Built an interactive dashboard analyzing 149K+ transactions with KPIs including revenue, quantity sold, and average order value, applying DAX measures to surface sales and product performance trends.

SKILLS

Programming & Databases: Python, SQL, MySQL

Libraries & Frameworks: Pandas, NumPy, Matplotlib, Seaborn, Plotly, scikit-learn, TensorFlow, OpenCV, FastAPI, React

AI & Agentic Tools: Microsoft AutoGen, LangChain, FAISS, HuggingFace, Azure AI Search, Prompt Engineering, GenAI

BI & Data Tools: Power BI (DAX), Tableau, Excel, Google Sheets, Jupyter, Google Colab

Cloud & DevOps: Azure (AI Search, Blob Storage, Front Door, APIM), Apigee, Git, Anaconda, PyCharm, VS Code

Project & Soft Skills: Project coordination, stakeholder communication, team leadership, data-driven decision-making

POSITIONS OF RESPONSIBILITY

Google Developer Students Club — GDSC Lead

Jul 2022 – Aug 2023

- Led a 10+ member core team; recruited through SOP evaluations and structured interviews.
- Organized 12+ workshops on cloud, Flutter, Firebase, ML, and Jetpack Compose, engaging 200+ students.

Newton School Coding Club — NSCC President

Jul 2022 – Jul 2023

- Coordinated 5+ event heads; oversaw coding events and knowledge-sharing sessions for 100+ participants.

CERTIFICATIONS

- Microsoft Certified: Azure Fundamentals
- Google: Foundations – Data, Data, Everywhere
- HackerRank: SQL (Basic & Intermediate), Python (Basic)
- Infosys Springboard: Python Foundation, Data Science Foundation, Probability & Statistics using Python
- Simplilearn: Business Analytics with Excel
- Excelerate: AI Powered Data Insights (Virtual Internship), Prompt Engineering Research & Integration (Virtual Internship)

HONORS & AWARDS

- Google WE Scholar: Top 1% of 27,000+ applicants for the Women Engineers Program by TalentSprint and Google (2-year mentorship, IIIT Hyderabad workshop, Google office visit).
- IET India Scholarship Award 2024: Top 10 National Finalist & Regional Runner-Up of 65,000+ applicants; presented the GreenGrow Hub solution at the University of Calcutta.
- Harvard HPAIR Delegate 2023: Selected to represent at Harvard University's largest youth leadership conference on global leadership and Asia-Pacific affairs.
- Shri Baljit Shastri Award & Silver Medal: Highest student honour of Amity University, presented by the Hon'ble Governor of Chhattisgarh.
- Global Women Economic Forum & WICCI Invitee: Invited under the G100: Mission Million and WICCI initiatives (Dec 2022).
- AnitaB.org Advancing Inclusion Scholarship: Selected to attend Grace Hopper Celebration India 2024.
- Pragati: Path to Future – Cohort 3: Selected for Infosys Springboard's 12-week leadership program exclusively for women.
- Smart India Hackathon: Internal Hackathon Winner (Top 20, 2023) with an AI chatbot for the Namami Gange Mission.
- SheFi Scholar (Season 12): Full scholarship recipient for SheFi's Web3 financial education and leadership program.
- Perspektywy Women in Tech Summit: Selected to attend the largest Tech & IT event for women in Europe (2023).

VOLUNTEERING

- Core Team & Speaker, TFUG/ML Durg (Jan 2024 – Apr 2025): Delivered hands-on Pandas, NumPy, and Linear Regression sessions at ML Study Jam and managed end-to-end planning of community events.
- Core Team Member, GDG Raipur (May 2022 – Jun 2023): Co-organized DevFest Raipur 2022, coordinating an event with speakers from Google, Amazon, Adobe, and Disney+ Hotstar.
- Core Team Member, Durg FOSS – FOSS India Tour 2023: Coordinated speaker panels and registration workflows for a conference of 150+ attendees.
- Women Techmakers Member (Jan 2022 – Present): Engaged in initiatives supporting women in technology.
